

Success Stories: Mon Eager

Life in Australia

Mon was an adult migrant student, she studied at Bass Coast Adult Learning last year in a Certificate III in English through the Adult Migrant English Program. During her study she was a volunteer at BCAL in an administration role for a short time.

Later on the Coastal Connections - Work Ties Program assisted Mon to get a part time job at Bass Coast Adult Learning as an Administration and Compliance Officer taking into account her work experience from her home country (Laos). Recently she got a casual job with Coastal Connections - Work Ties in admin support.

“I was so grateful to study English at BCAL and got to know the community. As I am new to the country BCAL helped me to get to know people in the community and also helped me to get a job.

In the future I would like to help migrant people to get connected with the local community and help them to find a job in their area.”
