

BCAL Statement

As the coronavirus (COVID-19) pandemic continues, BCAL remains committed to supporting our students and staff at home.

Latest update – 1.00 pm Tuesday 11th, August.

The health, safety and wellbeing of the BCAL community is our absolute priority, and we are continuing to take advice and guidance from the relevant authorities.

We ask our community to please follow the latest government advice, so we can all play our part in containing the transmission of COVID-19.

Stage Three Restrictions

The Victorian Government has announced Stage three restrictions for Regional Victoria, **effective from Wednesday 5th, August** to stem the spread of COVID-19. In line with these restrictions, BCAL has decreased face-to-face and practical-based activities and moved primarily to online delivery. With some exceptions.

For most of our students and staff who continue to learn and work remotely, there are no changes because of the latest restrictions.

Learning and teaching.

BCAL has decided to minimise all face-to-face activity on campus and transition to remote delivery.

We will review our position regularly and ensure any return to campus is carefully planned and prepared.

As we continue to manage through the significant and evolving situation, we are committed to doing everything we can to support our students and staff and minimise study disruptions while ensuring a sustainable future for the centre.

We are proud of our community's continued response to COVID-19 and willingness to innovate and adapt during this difficult time. Despite the challenges we face, we remain focused on providing quality learning experiences for our students.
